Thank you. I was able to download all the shapefiles for Wood and Juneau counties off of the drop box.

The .dbf portion of the Wood Co shapefile is too big for me to send through email. Can I send it to you through dropbox?

Liz/Mike: zip files can't make it through our firewall. Could you send address points as a shapefile?

Thanks,

Dean

It is text document, which will not work. Liz Housworth is who you would speak to at Juneau County.

Hi Cheryl,

Liz (cc'ed on email) will be providing you the Juneau and Wood County addressing points that can be used to identify where all the properties are located in the townships we surveyed. Liz is our GIS expert and if you guys have any questions with that data, it may be better to start with her.

Thanks
